**ASST. SUPERINTENDENT**

Douglas Ford

April 2015

Dear Resident:

On behalf of the Board and staff, I would like to take this opportunity to update all residents in the communities we serve regarding our ability to meet water demand this coming summer.

First and foremost, thank you for your cooperation with last year's watering restrictions. You demonstrated that you understood the importance of compliance. Due to your water conservation efforts, the District's installation and operation of a new water treatment system at our plant on Shore Road, upgrades in water transmission, and favorable weather conditions, we were able to meet last summer's demand and maintain a safe water supply.

In the past year, we have completed several planned projects and currently have others underway to continue to improve our water distribution system. However, as some projects have been delayed due to circumstances beyond the District's control, it will be necessary to implement the same watering restrictions for this upcoming summer. We are requesting residents to follow the same irrigation watering schedule as last year.

In the event weather conditions are not as favorable as they were this past summer, or the District has a problem that limits its ability to meet demand, we may need to implement a more stringent watering schedule or require mandatory restrictions.

The Board is confident that we can rely on your continued support and cooperation as the next irrigation season approaches. We look forward to another successful summer. Once again, thank you for your understanding.

Very truly yours,

Michael J. Kosinski  
Chairman, Roslyn Water District

**2015  
WATERING  
SCHEDULE**

# 2015 WATER RESTRICTION SCHEDULE

***The Roslyn Water District is requesting our residents' compliance with the same schedule as last year for watering their lawns and gardens during the upcoming irrigation season***

Irrigation is permitted on alternate **odd and even-numbered days** as mandated by Nassau County. Homeowners who live at odd-numbered premises may water their lawns only on odd-numbered days, and homeowners who live at even-numbered premises or premises with no numbers are permitted to water their lawns only on even-numbered days.

**Automatic Irrigation:** In addition to Nassau County regulations, residents will be required to adhere to the following schedule:

- Municipal and Commercial Properties: 6:00 p.m. – 8:00 p.m.
- Village of Roslyn Estates, Village of Roslyn and Village of Roslyn Harbor: 10:00 p.m. – 12:00 a.m. (midnight)
- Village of East Hills: 12:00 a.m. (midnight) – 2:00 a.m.
- Village of Flower Hill, North Hills and unincorporated areas of Roslyn Heights, Greenvale, Albertson, Glenwood and Port Washington: 8:00 a.m. – 10:00 a.m.

Please make sure your automatic rain or soil moisture sensors are working properly.

**Non-Automatic Lawn & Garden Irrigation:** In addition to Nassau County regulations, irrigation may only be performed between 4:00 p.m. and 10:00 a.m. for a maximum of two (2) hours.
